ITINERARY - 2021

DAY 1 – SEATTLE - EMBARK

Settled by five pioneer families in 1851, Seattle quickly grew after the Northern Railway was extended to meet the coast in 1893. The Gold Rush of 1897 sealed the city as one of the great places on the west coast. The history of the city's 100 Mercer girls – girls that were brought back by pioneer Asa Mercer who deemed the city had shortage of marriageable women – is just one of the quirky facts that makes the Seattle impossible not to love. Seattle is the largest city in the state of Washington, yet there is a village vibe that is uncommon in metropolises. If you truly want to enjoy the unique hybrid of tradition and progression, then take a tour of Pike Place, Seattle's famous farmer's market. The huge indoor market is laden with tasty options of food options, from fresh vegetables and fruit from to prepared food that can be eaten whilst enjoying a great view of the bay.

DAY 2 – DAY AT SEA

DAY 3 – KETCHIKAN, ALASKA

The Salmon Capital of the World is a thrilling introduction to wild and wonderful Alaska, sitting at the southern gateway to the Inside Passage's famed route of larger than life scenery. Cruise through the waters, or soar just above in a "flightseeing" plane, to take in the full majesty of the magnificent Misty Fjords National Monument. Home to grizzly and black bears - as well as cruising whales and swimming seals - the wildlife spotting opportunities in this majestic corner of the world are nothing short of spectacular. Towered over by steep banks and valley walls, Ketchikan's ocean inlet is peppered with granite stacks, looming from the waters. Surrounded by glorious landscapes, head to the Alaska Rainforest Sanctuary, which is alive with bald eagles, black bears and remarkable, thick, yellow banana slugs - the squeamish are advised to keep well clear. Visit

Ketchikan's Heritage Centre, where a collection of intricately carved totem poles rise up, preserving the heritage of the indigenous Tlingit and Haida people of these lands. Ketchikan has the world's largest collection, and some of the oldest and most precious totems in existence. This frontier city hasn't always been so wholesome, however. See the colourful historic street that is built on crooked stilts over Ketchikan Creek, which has a crude history as the main red-light district in the city. The brothels closed in the 1950s, but you can explore this legendarily seedy past at Dolly's House - a brothel turned museum. See the Married Man trail, a historical route used to enter Creek Street away from prying eyes.

DAY 4 – WRANGELL

Native culture and wildlife have gotten along just fine for centuries. Wrangell is one of the oldest towns in Alaska. It's also the only one ever governed by four nations. The Tlingit culture has deep roots here. And local islanders come aboard this morning with a presentation that brings their stories and legends to life. Venture into town for a view of recently carved totem poles at Kiksetti Totem Park. See how many totems you can pick out on each pole. Step inside famed Chief Shakes Tribal House. Can you feel the history in this historic community house?

DAY 5 – SITKA

A land of bears, wild landscapes and icy adventures, sail between glorious islands and witness the diverse wildlife of the Inside Passage. Eagles watch over the scenery overhead, while whales and sea lions add glorious weight to the animal life that thrives and thrashes in these icy seas. With a quintet of Pacific salmon species filling the rich rivers and waterways with life, settle back to enjoy the show. You might notice the onion-shaped dome atop St. Michael's Church – a relic of the area's Russian history. Sitka was the capital of

Russian America until a deal was struck in 1867, and the territory was sold to the United States, with the handover ceremony taking place here in Sitka. The native Tlingit culture is an important presence, and elaborate totem poles adorn Sitka National Historical Park.

DAY 6 – SKAGWAY

Feel the same rush of excitement as the gold rush chasers did, when they first arrived in Skagway, intent on finding their fortune. While the gold may now be gone, a treasure trove of natural glory waits to be discovered here. The adrenaline of America's legendary gold rush still pulses along Skagway's streets, especially in Klondike Gold Rush National Historical Park and the historic downtown area - which sprang up during the heady heights of the 1890's goldrush. The jagged mountain ridges - with peaks of white snow above a treeline of soaring pine forests - provide a reward for the ages. Recapture the evocative sense of adventure, as you ride one of the world's most spectacular railroads. Your engine will puff steam below the precipitous, colossal scenery, while the vintage carriages curve around the White Pass & Yukon Route, alongside tumbling waterfalls and spanning deeply-etched gorges. Wander historic trails like the Chilkoot Trail Hike, to walk in the well-trodden footsteps of the gold seekers. Set on the northern tip of the Inside Passage, Skagway luxuriates in a remarkably beautiful and dramatic landscape.

DAY 7 – TRACY ARM/SAWYER GLACIER

Journey through Tracy in the Tracy Arm-Fords Terror Wilderness, a place the famous naturalist, John Muir, referred to as, "A wild, unfinished Yosemite." Renowned for its pristine waterfalls, towering icebergs, abundant harbor seals, and granite cliffs that rise from sea level to 4,000 feet, this wilderness is often referred to by locals as one of the most scenic areas in the state. These dramatic glacial fjords offer stunning views of tidewater glaciers.

DAYS 8 – JUNEAU

Welcome to Alaska's capital city. Extraordinary adventures amid nature's wildest staging await at Juneau. The majestic Mendenhall Glacier sprawls down from Juneau Icefield, which provides an icy cap to the

area's rip-roaring scenery. State capitals simply don't get more dramatic than this isolated, remote city lost amid the Alaskan wilds. Even the roads eventually peter out, absorbed by forests and viewpoints, firmly underlining the isolated location, hidden behind an impenetrable wall of rigid mountains. Rise up to Mount Roberts Tramway's viewpoint, to see the city swallowed by this most colossal backdrop. This is glacier country, and no fewer than 38 ice flows branch off from the main Juneau Icefield, slowly carving out valleys in their wakes. Taku Glacier cuts deep into the mountain, forming a colossal sculpture that is one of the world's thickest - almost a mile deep. Mendenhall Glacier cascades down, just 12 miles away from downtown, terminating in its own lake and visitor center. With 1,500 square miles of ice field to explore, one of the best ways to take in the magnitude and majesty of this epic ice sculpture is by helicopter. Cruising up above the icy world that fills in these serrated mountain peaks is a once in a lifetime experience. The animals that inhabit the Southeast Alaskan wilds are just as inspiring as the landscapes - families of bears patrol the riverbanks, bald eagles survey the surroundings watchfully, and Pacific humpbacks migrate from southern waters to feast on the krill rich, icy waters.
